

'Twas the day after Christmas, and all through the Lab

Our scientists are analyzing the samples we have.

Using LC & GC-MS/MS,
Our work can be challenging but is sure to impress.

We are focused experts in the services we provide.
Your desire to get to market is more quickly satisfied.

We are efficient and productive while managing our growth-
Customer focused with timely results— you will like us the most!

CSF, plasma/serum, whole blood, and tissues
Our MS/MS analysis identifies all the issues.

From the Experts at Alturas Analytics studying your assay-
We wish you joy, and peace, and a splendid holiday!
