

COVID-19 STATUS

Alturas meets all target dates while adapting to COVID-19.

- Completing all contracts on time with the highest level of integrity is our number one priority. Alturas is committed to our Sponsors first.
- Alturas is part of the government Critical Infrastructure Sector and will remain open during “Stay At Home” orders imposed through city, state, and federal regulations to address urgent needs.
- Research continues to drive our company culture, adapting to the changing needs in response to the COVID crisis. Current presentations and podcasts are accessed from the Alturas website.
- Virtual audits are activated with live web-based discussions, in-depth interactive facility tours and secure folder access for file sharing of controlled documents. The QAU ensures study activities are conducted and compliant during the current situation. Read More.
- Immediate IT Systems changes were made in response to increase security and capacity for remote access and operational continuity. Read More.
- Alturas’ supply chain remains uninterrupted with backup supplies on-site.
- Alturas follows all CDC guidelines and recommendations to keep staff healthy.
