

### **Alturas Health and Safety Protocol and Screening for COVID-19**

Alturas is committed to maintaining a safe workplace for all our employees and all those who visit our facilities. Therefore, everyone who comes through our doors must receive prior approval from Alturas management, and adhere to Alturas Health and Safety protocols.

At this time, onsite visit requests will be evaluated on an individual basis. Virtual audits remain available for Sponsors who wish to use this service.

Visitors may be asked to mask while on the premises. Depending on local health indicators, including local positivity rate, further precautions may be required. Alturas reserves the right to refuse entrance to anyone.

At our Alturas facilities, we have been operating as usual under precautions while following the CDC's guidance on COVID-19. Alturas guidelines may change according to regional infection rates, guidance by local health departments, ordinances by local government, or guidance by the CDC.
